

Everyday Leadership

*"Leaders become great, not because
of their power, but because of their
ability to empower others."*

- John Maxwell

Helena, MT

Transformational leaders foster supportive relationships, articulate clear vision, inspire others to develop their own leadership potential, and build cohesive teams. Transformational leadership creates consensual power manifested *through* others rather than *over* others. It is about developing the connection between *knowing yourself* and *knowing your team* – creating greater degrees of trust, respect, and unity.
